

Guidelines and criteria for the submission of Short papers at EGOS Colloquia

European
Group for
Organizational
Studies

Short papers should focus on the main ideas of the later full paper, i.e. they should explain the purpose of the paper, theoretical background, the research gap that is addressed, the approach taken, the methods of analysis (in empirical papers), main findings and contributions. In addition, it is useful to indicate clearly how the paper links with the sub-theme and the overall theme of the Colloquium, although not all papers need to focus on the overall theme. Creativity, innovativeness, theoretical grounding and critical thinking are typical characteristics of EGOS papers.

Your short paper should comprise 3,000 words (inc. references, appendices & other material).

Submission period for short papers for the 37th EGOS Colloquium in Amsterdam, July 8–10, 2021:
