DB Event Ticket as a Online Ticket
Step-by-Step Instructions

DB Vertrieb GmbH | Event Ticket | 2019
You want to use your own computer to book your ticket conveniently and use it right away? The Online-Ticket is our solution for you.

- You can book this ticket until shortly before your train departs.
- You can print tickets out or upload them to the DB Navigator app.
- Simply show the train attendant your printed or mobile phone ticket together with your state-issued ID card, passport or BahnCard.
How to book your Online-Ticket

Step 1:

- Use the travel button redirected to the event organiser’s page to book your Event Ticket.
- On the first page, please enter the journey you would like to book.
- Continue with the booking by clicking "Search".

Step 2:

- Enter your selected departure and arrival stations.
- When you click the field with the date, the system opens a calendar with all the possible days of travel based on when the event is taking place.
- Choose in which class you would like to travel.
- An Event Ticket can cover 5 people travelling together. Please note that the system issues only one ticket by default in such a situation. If you require individual tickets for each traveller, you need to complete one booking per ticket.
